

THE TOWER OF BABEL

"Babel Shapes" Activity

Activity

The people of Babylonia built the tower of Babel because they wanted to make a name from themselves. They wanted praise for themselves instead of giving praise to God. In this activity, help the children place the shapes in the correct spot to decode an important message.

Procedure

- Cut the Babel Shapes Activity Sheet at the dotted line.
- Cut the bricks along the rows into three separate parts.
- Have the children place pieces in the empty tower.
- Help the children read the message.

Explanation: Remind the children that God wants us to build a foundation on him.

Babel Shapes

Follow instructions below to build the tower

CUT HERE

Directions:

1. Cut sheet at dotted line.
2. Cut brick along rows (3 separate parts).
3. Have children place pieces in empty tower above.
