

# ACTIVITY TIME!

Here are some fun activities to do during the week or after church. Try a few or do them all! Coloring sheets and craft materials are included with some activities. Feel free to use the optional materials suggested or add your own favorite materials for even more fun. For more free activities visit: [www.bibletimefun.com/bible-activities](http://www.bibletimefun.com/bible-activities)

## ACTIVITY 1

### Building Towers

The Babylonians built a tower to make a name for themselves. They were more focused on themselves than on God. In this activity, the children build a great tower in honor of God rather than in honor of themselves.

#### Directions

1. Tell the children that when we do things in life we must give honor to God, so we will remain humble.
2. Have the children build a great tower using Legos, blocks, or anything else they can stack. As they build each layer, tell the children to think of some things to praise God for in their lives. (Give younger children some examples.)

#### After the Activity

Remind the children that God wants us to praise him rather than ourselves.
